Springs Preserve Temporarily Closed to the Public

LAS VEGAS (March 16) — Effective immediately, the Springs Preserve is closed to the public until further notice. Out of an abundance of caution and in accordance with recommendations outlined within the Centers for Disease Control and Prevention's mitigation strategies, the Springs Preserve is now closed due to the coronavirus outbreak.

Previously booked private events are being considered on a case-by-case basis. The Divine Cafe at the Springs Preserve is also closed to the public.

Additionally, all scheduled public events for March are canceled, including the following:

- Spring Plant Sale, March 21 & 22

Public events currently scheduled for April will be evaluated in the coming weeks.

The Springs Preserve is committed to the safety and health of those who live within our community and visit our campus. We continue to monitor current conditions and recommendations from health officials and look forward to reopening to the public.

We will publish further details and updates on SpringsPreserve.org as they become available.
